2007 Freightliner With Mercedes Engine

Freightliner officials say the company has been testing the new generation Mercedes-Benz engines for two years. "I began heading up the 2007 MBE engine development program for the North American market in 2005, and we've come a long way since we had our first 'B' level prototype engines in our test lab," said Dave Skupien, program manager for MBE engines in NAFTA.

Issue with a used Freightliner M2, Mercedes Engine MBE900, 280 HP with EGR and an Eaton 9 speed transmission. I recently acquired this truck, tandem axle as it is with only 230,000 Miles. It looks very nice and practically has a long life ahead but, I do not feel there is enough power on the engine. I feel acceleration is very low, since on the road I can press hard pedal to the bottom and it ...
