Much has been written about the 'low' grade boundaries in GCSE maths and how they are lower than previous years. This has been interpreted as Ofqual lowering the boundaries in the first year of a new qualification. Unfortunately, it's really not that simple. The new maths GCSEs were designed to be different from the old A\* to G GCSEs, so you really can't compare new and old. Here's why.

Hi Liz, a 5-5 in the foundation tier paper is directly comparable with a 5-5 in the higher tier. The tiers are designed to be comparable, with specific questions aimed at students to achieve the respective grades. It is worth noting that neither the results slip nor the certificate says which tier was entered.

You fill in the order form with your basic requirements for a paper: your academic level, paper type and format, the number of pages and sources, discipline, and deadline. Then, you describe the specific details of the paper you need: add the topic, write or paste the instructions, and attach files to be used, if you have them.
