A survey of modern studies of colonial medicine suggests that there is a lack of precision about what "colonial medicine" is or was, and a lot of overlap exists with two other terms: "tropical medicine" and "imperial medicine". 9 These terms are not interchangeable, even if often used indiscriminately. Very few scholars consider whether the word "medicine" itself requires defining.

History of anthropology in this article refers primarily to the 18th- and 19th-century precursors of modern anthropology. The term anthropology itself, innovated as a New Latin scientific word during the Renaissance, has always meant "the study (or science) of man".The topics to be included and the terminology have varied historically. At present they are more elaborate than they were during ...
