I have an EU company, which I funded by making personal director loans to it. The jurisdiction where the company is registered won't allow me to have a negative equity any longer, and it hasn't made enough money to pay down all my personal loans, which is why I want to see if I can sell my assets and liabilities to another company I have.

A tack puller is a hand tool generally with a v-slotted metal tip that is used to pry up tacks and nails. It can be used in some cases to help loosen hardware that is attached to leather goods. While a specific removal tool is usually best (snap removal tool, etc.), the general capabilities of a tack puller might come in handy on occasion.
