Five hundred years is a long time, and I don't expect many of the people I interview will be known in the year 2500. Christopher Alexander may be an exception." David Creelman, author, interviewer and Editor Knowledge Manager, HR magazine, Toronto

### NATURE OF ORDER

The Phenomenon of Life Volume 1 attempts to define "life" in the built environment and determine why one built environment may have more life than another. Important to this idea is his notion of centers : "Centers are those particular identified sets, or systems, which appear within the larger whole as distinct and noticeable parts.
